

KIMBRIKI RESOURCE RECOVERY CENTRE

Kimbriki Environmental Enterprises' (KEE) Resource Recovery project will use new waste management technologies to significantly reduce the amount of waste going to landfill. KEE is currently preparing an Environmental Assessment (EA) to lodge with the NSW Department of Planning. The EA will feature site layout plans, as well as addressing key issues such as air quality and odour, traffic and transport, flora and fauna, greenhouse gas and water quality. For more information, visit www.kimbriki.com.au, or pick up a brochure at your local Council.

TELL US YOUR VIEW

We are keen to hear your views. Please return your completed form to **Kimbriki, Reply Paid 302, North Sydney 2059**, or fax to **02 9955 5901**. A summary of feedback received will be provided to the Department of Planning along with the Environmental Assessment Application.

What are your views about the proposed project?

Which of the following benefits is important to you? Please tick all that apply.

Recovering valuable resources	<input type="checkbox"/>	Reducing waste to landfill	<input type="checkbox"/>
Minimising future Council waste charge rises through local solutions	<input type="checkbox"/>	Providing local jobs	<input type="checkbox"/>

Please record any additional comments on another sheet of paper and return with this form.
