## Kimbriki Wicking Bed Kit

- Raised garden bed frame
- 8 wicking cells
- 1 bag of Perlite (100L)
- 1 water inlet pipe, dipstick & cup cover
- 1 water reservoir
- 1 piece GeoTech fabric (2m x 1m)

*Plants and soil not included in kit*

**A wicking bed is a garden with a water tank at the base**

- Designed so the water 'wicks upwards' into the soil, like a candle wick.
- These gardens are self-watering, great when you are not home.
- 60%-80% less water used than conventional garden beds.
- An ingenious and successful way to grow your own healthy organic food at home.

**Wicking Food Farm**  
Includes Perlite, GeoTech Fabric,  
Water Inlet Pipe and Dipstick

Plants and soil  
not included **\$130**

**Perlite for Wicking Beds**  
100L **\$50**

**Edible & Medicinal Plants**  
Prices as marked
